Profile

Computer Science and Engineering undergraduate at Southern University Bangladesh with prior experience in student leadership and management internships. Former Campus Co-Leader and District Coordinator at ILC, and completed a 3-month Management Trainee internship at NexGenix Ltd., gaining practical exposure to teamwork, coordination, and organizational operations. I am interested in technology-driven solutions, research, and collaborative project environments. Currently focused on strengthening my technical foundation while developing management and problem-solving skills. Committed to making a meaningful impact in the field of technology through innovation, creativity, and hard work.
